THE WHITE HOUSE

TO MR GEORGE DAVID BANKS

Special Assistant to the President for International Energy and Environment

Dear Mr Banks,

Being the youth of the Green party from Serbia, we carefully monitor everything that is happening in the world when it comes to environmental issues and the future of our planet.

We appreciate all the effort that America has invested throughout history to make the world a better and more free place to live in.

We are writing to you hoping that, being a Special Assistant to the President Trump for International Energy and Environment, you can make sure that America will do everything in its power to try to reach the Paris agreement and do something regarding the reduction of greenhouse gases into the atmosphere.

The young all over the world need a better future and hope that the afore mentioned agreement could bring them one.

Respectfully,

The Youth of the Green Party from Novi Sad, Serbia
